BUSINESS BOOSTER

When you want to make a big impression, our Business Booster will deliver. The booster is an integrated print, online and social media promotional campaign and can be booked as an add-on for any advert booking you have with us. It comprises:

PRINTED EDITORIAL

This gives you a chance to tell the readers all about your business, what's great about it, and why they should use it. It's a good idea to make this personal, writing from your perspective and perhaps with a photo of yourself, and/or your team. We find that our readers respond well to personal stories, and to putting a face to a business. Your editorial will be a half page - that's about 300-350 words.

ONLINE EDITORIAL

Your editorial will be featured on our website.

SOCIAL MEDIA SHOUT OUTS

The Focus Magazine will post 2 shout-outs on social media, telling our followers about your business. The first will be to share your online editorial. The second will be written from our perspective, and will have a more personal style.

WEBSITE ADVERTISING

Your advert will feature on our website: *thefocus.wales* during the month of your booking. This can be hyperlinked to your website, your Facebook page, your email address, or any other URL of your choice.

We've found that this combined strategy really works for building engagement. You can expect a successful campaign to reach over 10,000 people.

Our Business Booster Campaign costs just:

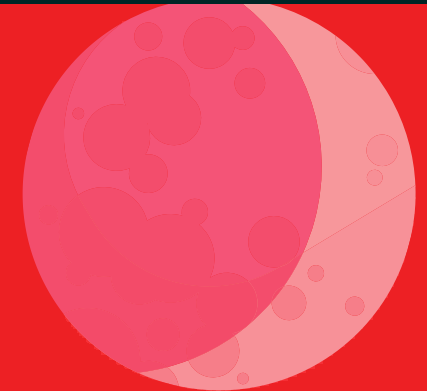

£118

ADVERTORIAL FEATURE

Sometimes you'll want to communicate more information than fits into the regular advert style, but you also need the visual punch of well designed artwork. That's when an advertorial feature is a great choice.

We'll create an eye-catching design using half the space for text and half for graphic layout. The result is a page (or spread) that grabs our readers' attention and communicates your message effectively. To see some recent examples of our Advertorial Features [click here](#).

FULL PAGE £187
DOUBLE PAGE £369
